Subject Gulfco Site in Region 6 - PRPs called Scott S. who in
turned called Lynn B.

Susan and Elliott, please see attached page and a half briefing sheet prepared by Region 6 with input by OSRE. Scott Sherman called Lynn to find out why EPA was not moving forward with the PRPs proposal to abandon a 75% completed RI/FS and instead conduct removal actions under an AOC, delete the Site from the NPL, and quickly put the site back into reuse. EPA believes it needs more information before it can decide the best approach.

As of yesterday, Lynn had not called Scott back. We wanted to send this to you and get your feedback on how to proceed, whether you wanted to send the briefing document to Lynn or have a briefing of the issue before Lynn talks with Scott.
